

Effortless logistics partnerships

“

*Our expertise, global network
and focus on partnerships
mean we build supply chains
around specific needs. The team
delivers a personal service,
day in, day out across multiple
sectors. That, combined with
industry-leading systems, is
something that differentiates us.*

Richard Burgess
Founder/Director

Your logistics requirements are in good hands

Take advantage of two decades of expertise.

Our business has great relationships at its heart. We provide customers and global trading partners with professional, cost-effective supply chain solutions while maintaining a personable, friendly approach - both with clients and amongst each other.

Shared values that create IMPACT

Integrity

Acting with the best interests of the business and our clients at all times.

Passion

To project energy and enthusiasm in doing a great job.

Customer focus

Strive to deliver an excellent service for all clients.

Mutual trust

Being able to rely on colleagues to work towards mutual goals.

Accountability

To take ownership for problems and resolve in a timely fashion.

Teamwork

Communicate with others and support to achieve the best results.

Our history

- 2003** ● **Burhill established**
From modest beginnings, the company founders with their experience in worldwide shipping recognised Burhill's potential for bringing a personal approach from the outset.
- 2007** ● **Warehousing facilities established, reaching 100,000 sq ft**
In response to the demand from their freight forwarding clients, Burhill developed warehousing facilities and expertise in main UK Ports.
- 2010** ● **HQ established at the Port of Felixstowe**
Establishing Felixstowe headquarters allowed Burhill to provide portcentric warehousing, creating a hub for all freight, storage and distribution needs.
- 2014** ● **Heathrow Airport office set up for dedicated air freight team**
Further expansion of freight services through a dedicated Heathrow base provided Burhill clients with truly global air freight options.
- 2018** ● **200,000 sq ft warehouse opened in Liverpool**
Port of Liverpool warehousing meant Burhill could offer clients dedicated North and South options in their shipping and storage services.
- 2021** ● **Port of Felixstowe warehouse space secured until 2031**
Long term leases agreed recognising the value of portside warehousing facilities to give clients flexibility and scalability.
- 2023** ● **Edward Walker appointed Managing Director**
With his experience and knowledge of logistics and managing global supply chains, it was the natural step to become MD.
- 2023** ● **AEO and BRC accreditations awarded**
The BRC (British Retail Consortium) and AEO (Authorised Economic Operator) status are testament to Burhill's ongoing commitment to best practice and continuous improvement.

Complete Freight Forwarding services to ensure your seamless supply chain.

Strong connections and relationships across the global supply chain enable us to deliver end-to-end freight forwarding solutions for our clients.

Sea freight

Managing the movement of your goods around the world.

Air freight

Specialised air freight department handles time sensitive shipments from our Heathrow office.

Road freight

Bespoke solutions for the European and domestic onward transportation of your goods.

Transport solutions that keep your business moving

We can manage the onward distribution of your goods in the UK, to ensure timely and cost-effective deliveries. We will load and secure your goods ready for transport and manage all documentation such as delivery notes and invoices.

Customs clearance - steering a clear route through international regulations

With our links to all sea port systems and airports, we provide customs clearance for your goods across all UK border points. We have complete experience with all standard and non-standard procedures, including Excise Relief, Bonded Movements, Exports, Inward / Outward Processing Relief and Returns.

As an AEO approved agent Burhill has demonstrated that they meet the highest standards of compliance and security.

Warehousing solutions you can rely on

Burhill is ideally situated for all your warehouse storage requirements and the scale of our facilities mean we can provide the flexibility to manage around supply chain volatility. With over 350,000 square feet of port centric warehousing at two of the UK's busiest ports - Felixstowe and Liverpool - we can provide all the warehousing solutions your business needs.

- ✓ Portside locations, with major transports networks.
- ✓ An additional 100,000 square feet of VAT customs bonded site.
- ✓ Combined 120,000 square feet of racked space.
- ✓ Achieved BRC grade A standard.

Our warehousing partnerships

"We have been working with Burhill since 2018 and since then have steadily grown our relationship to encompass a full warehousing and distribution solution across several business sectors, using Burhill warehouses in both Felixstowe and Liverpool."

George Wilkinson, Managing Director, Nuco International

Advanced management systems to streamline your logistics

Our advanced management systems ensure that you always have complete visibility of the end-to-end movement of your goods. Allowing you to place, amend and manage your bookings, track shipment status and manage inventory, all in real time.

Without compromising the personal service we provide at Burhill Logistics.
